Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Examiner acknowledged that claims 13-15 are dependent upon claim 1 and are to be grouped with claim 1. Discussed restriction requirement and agreed to withdraw finality of requirement but the restriction requirement is maintained. Applicant's arguments in regard to the 112 rejection appear to overcome the rejection of record and will be carefully considered. Device claims 1 and 16 do not require a post portion as is set forth in the process of claim 11 and thus the device could be made by another method. The drawings filed on 12/27/01 are accepted by the examiner.
